Here comes your new CARLSEN Foreign Rights List!

First of all: You have been making so many of our books travel since the last catalogue appeared! A sincere, huge and happy THANK YOU to all of you!

The time is ripe to present our backlist recommendations. Discover them from page 44 on. Two books on the backlist are Que Du Luu's **IN THE YEAR OF THE MONKEY** and Tamara Bach's **FOURTEEN**. Both are on 2017's White Raven's List and are nominated for a couple of literature awards.

Of course there are a lot of new entries this year as well: We are launching several middle grade series and many YA novels. In addition, our Conni will be looking a bit different from this year on. We like her even better now!

We look forward to hearing from you and meeting you at the Frankfurt & Bologna Book Fair and many more fairs to come.

NEW Conni

We look forward to
providing you
with an overview!

SERIES

CONNI has become an independent character that girls and boys love for her straightforwardness and cuteness. Conni accompanies children in important moments in life: the first day in kindergarten or at school, their first visit at the dentist, the first sleeping-over etc. She is sympathetic, down to earth and not a "princess" type of girl.

Several board books, beautiful anthologies and lots of activity books accompany the CONNI series. When children grow up, they can proceed with the CONNI novel series aimed at 7+, 10+ and even 12+.
